11 March 2025

I (**Ms Webb**) tomorrow to ask the Honourable Leader of the Government —

In relation to the implementation of the Tasmanian Salmon Industry Plan released in May 2023, can the Government please:

- (1) Clarify which Minister has single point accountability for delivery of the Salmon Plan? Or if multiple ministers are involved, then which Minister has responsibility for each line item of the Plan?
- (2) Provide a detailed progress report on the implementation of the Tasmanian Salmon Industry Plan, including whether the Near-term Priority Actions, which are set out in the Implementation Plan, will be completed as scheduled by May 2025?
- (3) Confirm that no Community Engagement Forums have been held, despite the Implementation Plan detailing their role, on page 8, that *‘These forums will ensure there is at least one engagement opportunity annually for communities in northern, southern and western Tasmania’*; and
  - (a) Explain when and where will these community forums be held; and
  - (b) Advise how community concerns and priorities will be sought for inclusion in the next stages of the Plan?
- (4) Detail how many meetings of the Salmon Industry Working Group have been held since the Industry Plan came into effect?
- (5) Detail the status of the new Salmon Plan website described on page 9 of the Implementation Plan *‘that will provide a gateway to the Plan and all related activities, including summary annual update reports on work undertaken on each of the strategic pathways and the activities of the SIWG and CEFs’*? Further, what improvements have been made to the Salmon Portal, and has the review of similar information systems overseas been undertaken?
- (6) Detail whether there has been any change in the listed medium-term priorities, and explain how community priorities will be addressed?
